Tuition Information

Tuition rates are based on the 42-week school year and the number of mornings and afternoons your family needs care each week. Because each family's needs vary so widely, we ask that you call our Main Office to obtain specific tuition rates. We'll be able to calculate a customized tuition rate based on: (1) the number of children you will be enrolling, (2) whether you are enrolling children in before and/or after care, and (3) the number of days each week you will need care for each child.

Payment Plan Options

Once you have called and received your specific tuition rate, please select one of the payment plan options below.
